

**MOBIMAR 41 ft TRIMARAN SURVEY VESSEL / Aluminium Workboat.****Description**

This handy size survey vessel have a shallow draft and a very stable trimaran hull ensuring smooth service. Her large forward flush deck has abt 25 sqm space for equipment, cargo or workshop-container and a Palfinger FC 2300 A deck crane. She's equipped with a IVECO 8060 SRM 25 main engine with Twindisc marine gear with 2:1 ratio, very low running hours. Cruising speed 12 kts, abt. 20 lts/hrs consumption.

The whole hull and superstructure is built of 5 mm marine grade aluminium, no corrosion whatsoever found during our inspection in March 2021. She is dry docked in Kotka, Finland, atm. A change of hull colour is possible to conduct before delivery.

The vessel has been used by MeriTaito, (Finnish governmental fairway service company), for surveys and maintenance works of inland seaways in freshwater lakes.

The equipment standard is extremely high; onboard you find a Kubota Nanni auxiliary engine (400/230 VAC), air compressor with air outlet on deck, bow thruster and a hydraulic power plant for crane and bow thruster + misc. Furuno radar, plotter, echosounder and auto pilot. Cockpit on rubber cushions. The condition is as brand new, besides of the sun burnt hull coating.

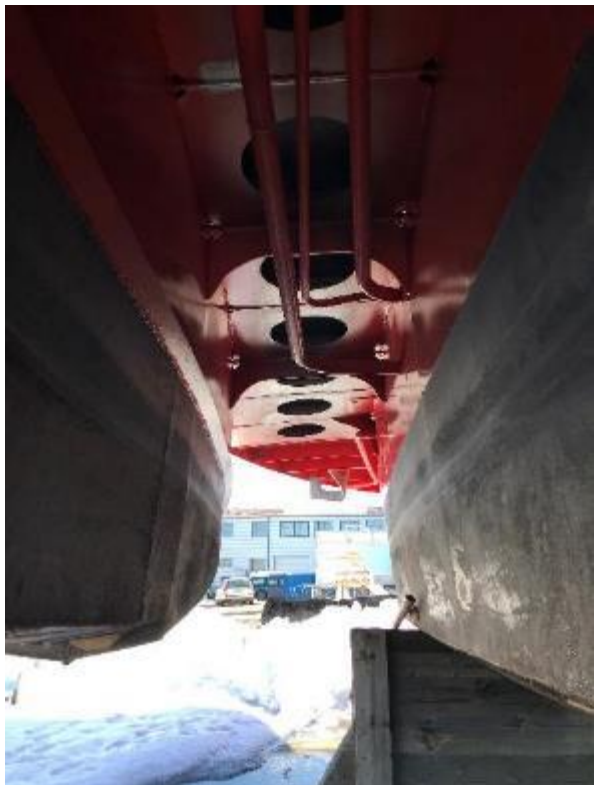

Sold as surplus from current owner on "As is where is" conditions, with valid certificates.

Do not hesitate to ask for more information.

Specifications

Vessel type:	Trimaran Survey vessel	Fuel type:	Diesel
Speed:	> 12 kts	Drive type:	Shaft drive
Builder:	Mobimar Oy, Finland	Length over all:	12,38 m (41ft)
Model:	Survey	Beam:	4,25 m
Constructed:	2002	Maximum draft:	1,1 m
No. of engines:	1	Hull material:	ALU
Engine model:	IVECO 8060 SRM 25	Hull colour:	Red
Engine power:	184 kW	Fuel capacity:	Abt. 500 lts
